TESAB

ABOUT US

Tesab design, build and deliver robust aggregate crushing and screening equipment for the mining, quarrying and recycling industries at its head office in Omagh, N. Ireland.

Since 1992, Tesab's reputation for producing mobile and highly reliable equipment has grown and today their products are found around the globe contributing to the success of projects and customers across multiple applications. Tesab is passionate about providing innovative solutions and delivering unrivaled products and services to customers around the world. As a company that is involved in the handling and processing of the earth's resources, Tesab is committed to protecting the environment.

Tesab is part of Metso outotec - a front runner in sustainable technologies, end to end solutions and services for the aggregates, minerals processing, metals refining and recycling industries globally.

WHY CHOSE TESAB?

QUICK SUPPORT

Constantly reshaping to ensure continuous customer satisfaction.

ENGINEERING DESIGN EXPERTISE

30 years designing and delivering high performance equipment.

FIRST CLASS REPUTATION

Tesab have an enduring reputation for its products "being built to last". It has become the cornerstone of the brands identity.

OUR PEOPLE

We invest in the training and development of our people to ensure that we are equipped with the skills required to meet the needs of our customers and the sectors in which we operate.

ADDED VALUE

Our mission is to deliver unrivalled customer experience.

PARTS

We ensure that all equipment sold has critical spares held locally & additional volume held at our head office.

OUR SKILL

The best expertise and specialized capabilities in design and application.

JAW CRUSHERS

TESAB

JAW CRUSHERS RANGE

Tesab manufacture a crusher range to suit any operation. Offering jaw crushers to crush primary rock, impact crushers for secondary & tertiary applications and cone crushers to complete the range, Tesab provide customers with a complete solution for the mining, quarrying and recycling sectors.

500i

Max Feed Size	Hopper Size	Prescreen	Weight
400mm (16")	2.75m ³ (3.6 yd ³)	Yes	22,650kg (49,912lb)

600i

Max Feed Size	Hopper Size	Prescreen	Weight
500mm (20")	5.4m ³ (7.4 yd ³)	Yes	34,600kgs (76,280lbs)

700i

Max Feed Size	Hopper Size	Prescreen	Weight
700mm (28")	10m ³ (13 yd ³)	Yes	47,420kgs (104,543lbs)

800i

Max Feed Size	Hopper Size	Prescreen	Weight
800mm (32")	10.4m ³ (13.6 yd ³)	Yes	61,500kgs (135,854lbs)

IMPACT CRUSHERS

IMPACT CRUSHERS RANGE

The Tesab impact crusher range is designed to provide a high quality shaped product at a low cost. Designed for primary, secondary and tertiary applications, with both large and compact impactors as well as recirculation options, Tesab can provide you with a solution for any crushing operation.

600mm (24")	5.0m ³ (3.8 yd ³)	Yes	41,000kg (90,390lb)

CONE CRUSHERS

CONE CRUSHERS RANGE

The tesab cone crusher is the ideal tracked secondary and tertiary crushing solution designed to produce high quality cubical aggregates at rates up to 300TPH.

It is designed for optimum versatility in crushing spreads with easy conversion from the finest to the coarsest cavity, adjustable speed to produce a higher percentage of on-spec product and fewer crushing stages - lowering cost and saving energy.

The Tesab cones have full-level features such as load and material level monitoring, full hydraulic closed side setting (CSS) adjust and a full hydraulic relief system as well as the option of a closed circuit recirculation setup.

200TC

Max Feed Size	Hopper Size	Prescreen	Weight
185mm (7")	5m ³ (6.5yd ³)	No	47,000kgs (103,617lbs)

200TCR

Max Feed Size	Hopper Size	Prescreen	Weight

ELECTRIC CRUSHERS

TESAB

HYBRID ELECTRIC JAW CRUSHERS

The Tesab's range of hybrid electric crushers is based on the proven Tesab jaw crusher range, the hybrid electric range is even more fuel efficient & cost effective while still producing the tonnages of its diesel equivalent.

Complete with efficient all electric drive & 3 year warranty on main electric components - the hybrid electric range is up to 33% more fuel efficient while saving up to 70% on running costs when working on mains electric.

The hybrid electric range comes packed with new features including auto unblock & reverse crusher operation, custom panel enclosure with integrated air conditioning & 10" display panel with mobile app & remote access.

700ie ⚡

Max Feed Size	Hopper Size	Prescreen	Weight
700mm (28")	10m ³ (13yd ³)	Yes	47,420kgs (104,543lbs)

800ie ⚡

Max Feed Size	Hopper Size	Prescreen	Weight
800mm (32")	10.4m ³ (13.6yd ³)	Yes	61,500kgs (135,854lbs)

Removable diesel genset or mains electric power

More fuel efficient = reduced operating costs

Hybrid electric design reduced maintenance

Auto unblock & reverse crusher operation

Environmentally friendly

Can be used across a range of applications

SCREENERS RANGE

Tesab supply heavy duty, high capacity, versatile screeners built around the industry leading "high energy" screenbox. with the largest screening areas in their class, Tesab range of 2 deck, 3 deck & reclaimer screener are designed to give customers high output and durability in the most demanding conditions.

2 DECK & 3 DECK SCREENS

TS2430

Screenbox Size	No. of Deck	Hopper Capacity	Weight
4m x 1.5m (14' x 5')	2 decks	10m ³	27,200kgs (59,965lbs)

TS3430

Screenbox Size	No. of Deck	Hopper Capacity	Weight
4m x 1.5m (14' x 5')	3 decks	10m ³	29,000kgs (63,933lbs)

TS2600

Screenbox Size	No. of Deck	Hopper Capacity	Weight
6m x 1.5m (20' x 5')	2 decks	10m ³	36,000kgs (79,366lbs)

TS3600

Screenbox Size	No. of Deck	Hopper Capacity	Weight
6m x 1.5m (20' x 5')	3 decks	10m ³	36,500kgs (80,468lbs)

SCALPERS

TESAB

SCALPERS / RECLAIMERS

The Tesab Scalper range is specifically designed for the customer, as a more cost-effective machine to cater to those secondary or recycling screening applications.

The heavy duty screens offers superior productivity and its high quality components makes this one of the most dependable machines on the market. Perfect for contractors looking for flexible and highly portable mobile screening.

TS1340

Screenbox Size	No. of Deck	Hopper Capacity	Weight
3.6m x 1.3m (12' x 4.5')	2 decks	6m ³	25,000kgs (55,115lbs)

TS1550

Screenbox Size	No. of Deck	Hopper Capacity	Weight
5m x 1.5m (16' x 5')	2 decks	8m ³	32,600kgs (71,870lbs)

TS1860

Screenbox Size	No. of Deck	Hopper Capacity	Weight
6m x 1.8m (20' x 6')	2 decks	11.5m ³	39,500kgs (87,083lbs)

STACKERS RANGE

Tesab's stackers range are specially manufactured bulk handling solutions for the mining, shipping and quarrying sectors. With a unique range of products from bulk loaders to 'super-sized' tracked stockpilers, the Tesab stacker range provides a cost effective and practical solution to meet a wide range of customer demands.

5040SF

Conveyor Length	Stockpile Height	Stockpile Capacity	Weight

24.5m (80')	10m (33')	1845m ³	24,500kgs (54,013lbs)

AFTER SALES SERVICE

KEY BENEFITS

Regular updates of replacement parts.

Technical help desks are available globally to help our dealers. Also, direct contacts to service engineers can be established and our experts can help either remotely or on site when needed.

Technical training is conducted at the factory, at the dealer site or completely remote depending on the need.

Parts - we ensure that all equipment sold has critical spares held locally & additional volume held at our head office.

Our dealers all operate with full trained service and application and support teams.

TESAB

Tesab hold a large stock of genuine replacement parts in our manufacturing facility and have access to many more from our suppliers. With a dedicated and vastly experienced spare parts team, our aim is to always get you up and running as fast as possible.

WHY USE GENUINE PARTS?

- Prevent extensive damage to the machine
- Improve machine performance
- Protects the warranty & resale value of the machine
- Readily available parts ensure fast delivery & minimal downtime
- Warranty and dedicated aftersales support for peace of mind
- Manufactured with safety in mind
